Dear Mr. Mendez:

CONGRATULATIONS! The South Central Ohio Minority Supplier Development Council (SCOMSDC) has reaffirmed your certification as a Minority Business Enterprise (MBE). The enclosed certificate confirms that your company continues to qualify as an MBE in accordance with the standards set forth by the National Minority Supplier Development Council (NMSDC). Each minority business enterprise SCOMSDC certifies is required to recertify each year. Ninety-days prior to the expiration date listed on your certificate, you will be sent a notification regarding your recertification.

We hope this certification will continue to open many new business opportunities for your company. Keep in mind that MBE certification alone is not the key to growth. As you know, networking and relationship building is vital to any company's success. Participation in SCOMSDC sponsored events is fundamental to realizing the many benefits of certification.

It is mandatory that each MBE notify our office of any changes in ownership structure or products/services that your company offers within thirty (30) days of that change. Failure to do so may result in your company being decertified. It is also important to notify our office of any changes in your demographic information. Having this information is vital to our efforts to provide the link between minority business enterprises and our corporate members.

We appreciate your continued participation and involvement in our organization. Should you need any further information regarding your certification or general information concerning SCOMSDC, please contact our office. I look forward to seeing you at our next event!

Sincerely,

Darryl A. Peal
President
