

AMG

Incorporated

FOUNDED ON A VISION

February 29, 1980 - Dayton, Ohio

Alberto Mendez, Sr. started AMG, Inc. with a commitment to providing a new level of service to engineering clients in the food and feed ingredients industries. This new company was founded on a vision of providing hands-on, client-focused design and engineering services.

Still today, the AMG, Inc. team embraces a hands-on, practical approach to projects. AMG, Inc. leverages leading edge technology, client collaboration, and the development of new and better techniques, to deliver an improved project experience for our clients.

TODAY

Today - Poised for Growth
